# FACULTY QUIZ

Many students were asked the question: Which member of the S.A.U. faculty would you like to be marooned on a deserted isle with? Dozens of answers were given and below are listed some of them. Can you match up the students with their favorite faculty? This is one quiz that has no grade. I am the only person who knows all the answers.

Mulerider quarterback Steve White (11) runs the option around right end in a game against the University of Arkansas at Monticello. White will return as a Senior in the fall of 1979 to lead the riders.

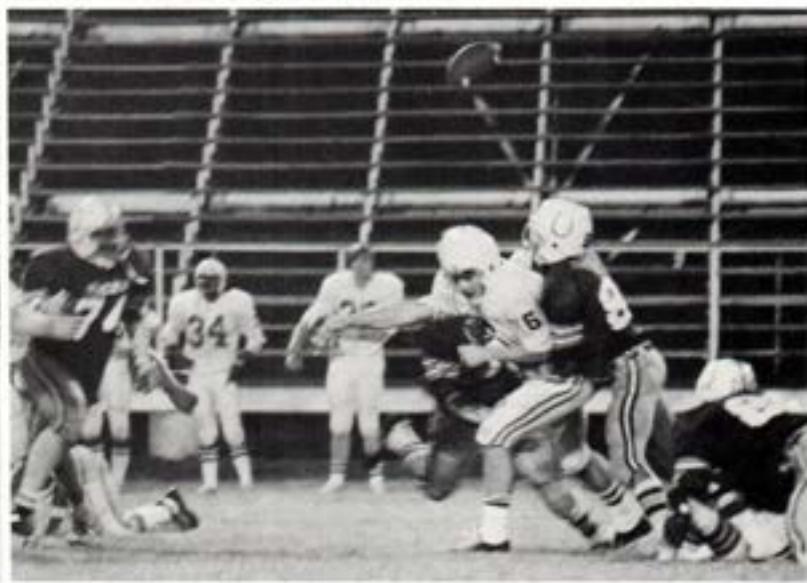

Freshman running back John Butler (24) turns the corner for a big gain against the University of Central Arkansas. Butler is a 5-6, 149-pound freshman from Gladewater, Texas.

UAM surrounds quarterback White in a defensive play known as Monticello's Revenge.

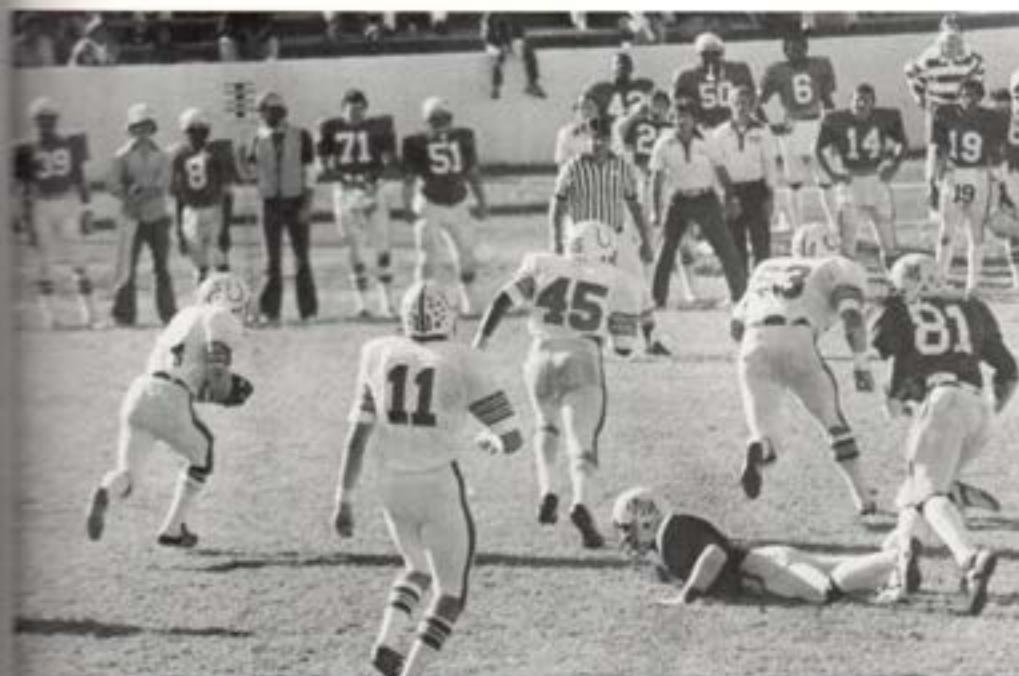

On page 83 defensive end Jerry Triplett, a 5-10 freshman lineman from Blytheville, jabs the ribs of an enemy passer. White launches a pass to sophomore receiver Alan Dale Rogers (34) of Hallsville, Texas just as he makes his cut to the left. Freshman running back Doug Carter (45) lays a good block for White. Linebacker David Daniels (86) punches an enemy quarterback in the ribs with a good tackle and pops the football loose. Perry Thomas returns a kickoff against UAM.

On page 84 SAU piles up Ouachita.

Perry Thomas (20) leaps high to catch a pass.

John Butler cuts back behind the block of lineman Max Dyson (66).

Ball, Ball who's got the ball?

At top Perry Thomas returns a kickoff. He finished second in the AIC.

## GOOD SEASON FOR RIDERETTES

The Riderette Basketball Team came charging back from an early season next-to-last place to fourth place in the Arkansas Women's Intercollegiate Sports Association (AWISA) conference. They placed third in the AWISA Play-offs holding off ASU in Jonesboro on February 21-24. In the first round of the play-offs, the Riderettes defeated Ouachita Baptist University 62-60 in a tough physical game. The following night, a softened-up Riderette squad lost to the Univ. of Arkansas at Monticello 73-62, but rebounded back the third night to stun the number three seed team, Univ. of Arkansas at Pine Bluff, 64-54 to take Third Place in the AWISA Play-offs. The victory gave the Riderettes the right to represent Arkansas in the Southwest Association of Intercollegiate Athletics for women (SWALAW) Championship. This small college regional championship is composed of top teams from Arkansas, Louisiana, Oklahoma, and Texas.

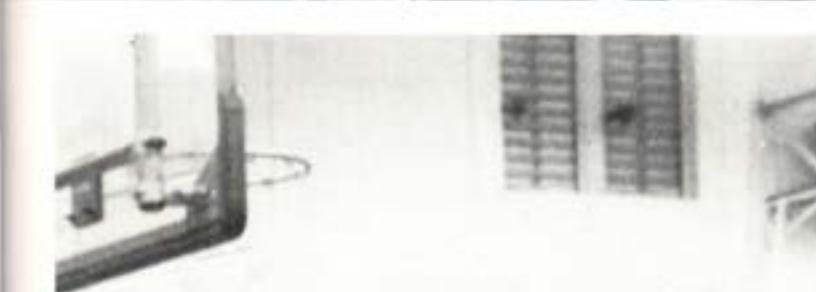

For the second successive year, the Riderettes will graduate three starting seniors. Sandra Haley, senior from Melbourne, did an outstanding job for the Riderettes the entire season. Compared to all other players in AWISA, Sandra was seventh in individual scoring with 14 Points per game; third in individual field goal shooting with 62 percent. Sandra was also named to the All-AWISA Second Team. Lila Smith, from Stephens, also did a fine job this season, averaging 11 points and 5 assists per game. Judy Mewbourn, from Canton, Texas, was quarterback for the Riderettes averaging 4 assists per game and spearheading the SAU defensive attack.

## REORGANIZATION YEAR

The Epsilon-Kappa Chapter of Sigma Pi Fraternity went through a period of reorganization and national recognition this year. At the fraternity's national convocation, the chapter took fifth place in chapter efficiency out of 100 active chapters. It also received honorable mention as most improved chapter in the southern region, and came in third place for the Emerald Award for Merit (the national newspaper).

Sigma Pi's little sister organization became a local sorority last fall. An honor court has been formed and is known as Sigma Pi's Orchids.

Sigma Pi's activities this year have included dances after football games, various social functions, and working with the Special Olympics.

# DID YOU FLING THIS SPRING?

Wednesday, April 4, was a cold day, nothing unusual for April. This particular Wednesday was extremely different from your average because classes were dismissed at noon and lunch was served on the intramural field. Now that was unusual in itself but when grown adults that are supposed to be intelligent start throwing each other in an ugly hole of water — that's unusual! Dr. Brinson was not even safe from the entertaining sport.

Douglas Carter found the pie eating not only enjoyable but took particular delight in consuming his chocolate cream quicker than Coach Larry McNeal devoured his lemon meringue.

Kevin Thompson was declared the champion fisby thrower, but Frank Root was close behind. Just can't trust those engineering professors.

Other contests were the tobacco spitting, arm wrestling, egg tossing, and watermelon eating. Many students even tried the excitement of cake walking. Some of the winners turned out to be losers when their cakes got thrown in their faces.

The shaving cream fight turned out to be one of the most fun events. People kept squirting each other with such vigor!

As students and faculty trudged home after the bracing and invigorating day there was contentment on their faces.

# THE END

*This is the end of the yearbook and the end of my undergraduate career at S.A.U. There are always mixed feelings about the ending of any year and the culmination of all publications. It sure feels great to end this edition of the Mulerider. I had to do most of it all myself, so if you think it's the pits do blame me and not my tiny staff.*

*There are a lot of people I must thank, so here begins the list. Peggy Timmons, Dr. Logan's secretary, has to be first for it was she who wrote the letter to the Morris Agency in New York for the right to the song "Open A New Window" from Mame. The Morris Agency is next, without Peggy's letter and their song the opening section of the book would not be as good.*

*Dr. Blue and Miss King are next in line because they understand my shortcomings. Dr. Walz helped every time he walked by me, always giving encouragement. J.J. Whitehead put up with my moods and could always be counted on for an Aggie joke.*

*Dixie Beasley and Scott Bryson typed their little fingers to the bones. Scott ran about getting photos identified and copying my layouts over. Thank you seems inadequate. Margaret Stiger filled out bags for pages and stamped our job number on photo tags until I know she saw them in her sleep.*

*Kimiye Tipton willingly shared her photos when I was lacking for a particular page. Kevin Thompson helped photograph when he could, Doc Sims shot some and so did Terry Bentz and David Wingsfield. Thank you for the photos, folks.*

*At the very least a paragraph must be written about Albert Cooper. Mr. Cooper went to great lengths to get the exact background for the senior photos that I wanted. That little ditty being accomplished, he then made excellent photos of the seniors. Mr. Cooper was available, always, to photograph events that as a participant I could not. Thanks to him Aardvark and "You Can't Take It With You" were done.*

*Thanks to all of you who cooperated with us, you helped make our jobs a little easier and we sincerely hope you enjoy the 1978-79 Mulerider for many years! Open as many new windows and doors in your lifetime that you possibly can.*
